PROFILE SUMMARY

Vasco started his professional career as a Freelancer ENG reporter back in 2004. Before that he was assistant to camera operations for 2 years especially studio work (entertainment) where he got in touch with lighting and audio.

He's an experienced Camera Operator with 10 years of Media experience working with local, national and international production companies producing content for Portuguese national television and other international broadcasters.

Since then he's developed skills not only as a ENG reporter but also as a camera operator when in 2008 he started to collaborate with MediaLuso on live broadcast productions (host broadcaster or not).

He specialized in hand held cameras in any situation including water footage and motorbike cameras (cycling, marathons, and political campaigns) but he can also operate other cameras as well as DSLR.

Comfortable working with RF cameras with all manual controls: exposure, focus, color.

Fluent in English and Spanish. He also has basic knowledge in French.

Vasco is very creative and has the efficiency to perform duties well and complete assigned tasks.
