I am a sound designer, sound director and film composer based in Lisbon.

I have been working with productions from USA, UK, Canada and Portugal.

Since I started working in this area I have been working with brands such as Sagres, Redbull, Heineken, Nestlé, Macdonald's, Philip Morris, and Intimissimi.

My compositions and my work as sound director have also been part of several short films selected in festivals around the world.

I'm bilingual (Portuguese and English) and at the moment I'm looking for new challenges.
